**SECTION 504 OF THE REHABILITATION ACT OF 1973**

Section 504 of the Rehabilitation Act of 1973 is a nondiscrimination statute enacted to prohibit discrimination and to assure that eligible students with disabilities have educational opportunities and benefits equal to those provided to students who are not disabled. An eligible student under Section 504 is one who has a physical or mental impairment which substantially limits a major life activity such as, but not limited to, eating, sleeping, standing, reading, learning, thinking, concentrating, communicating, self-care, walking, seeing, speaking, breathing, working, or performing manual tasks. If you feel that your child may have a disability that substantially affects one of these major life activities, please contact your child's school counselor or the District's Section 504 Coordinator:

**SPECIAL EDUCATION SERVICES-IDEA**

The Individuals with Disabilities Education Act provides that all students with disabilities who meet eligibility requirements receive a Free and Appropriate Public Education. If you suspect your school age child has a disability please contact your school for further information. Additionally, in an effort to identify children for the Preschool Program for Children with Disabilities (PPCD), concerning children between the ages of 3 and 5, Hitchcock ISD holds screenings throughout the year to identify children for services.
