Dear Hitchcock I.S.D. Faculty,

We would just like to invite you to come visit our center. We have a fantastic, four star, licensed childcare center designed to assist our teen parents in continuing their education. But, we also enroll H.I.S.D. faculty children. If you are new to the district, or you are just beginning your family, please come by and see what we have to offer. We have wonderful, loving, caregivers to care for your precious children. We have one of the cleanest, brightest and most affordable childcare centers in this area. Please feel free to drop by at any time. We would love to show you around.

Register today!!
